RW10-5PT-KIT

Rayden Daylight 5-Point LED Panel Light Kit w/ 5x RW10

Overview

Introducing Ikan's new brand of Rayden LED lights! What you can expect from the high CRI 45-degree lenses is extremely bright light! The 5600K color temperature delivers solid high color fidelity. With a 50-degree beam angle, you can easily light a large area with one fixture. The Rayden 1x1 light is equivalent to a 900-watt incandescent light.

Versatility is a key feature of the Rayden LED lights. The 30-degree yoke, baby 5/8" and junior 1 1/8" combo pin allow you to attach and configure the light in different ways. Strong, steel tension knobs on the yoke also lock the light firmly in place when in use.

On the back, the large yellow button/knob allows you to adjust the light's settings with a few simple clicks. This includes the brightness and color temperature. The LED readout also provides very precise measurements. This light package includes Gold and V-mount pro battery plates as well as Ikan's reliable barn doors with intensifiers.

Best of all, the new Rayden LED lights have a maximum wattage draw of 82 watts at 0.6 amps so you can plug it in just about anywhere!

RW10-3PT-KIT | Rayden Daylight 5-Point LED Panel Light Kit w/ 5x RW10 **| UPC Code:** 847983018208

RW10-5PT-KIT

Features you need, Prices you want.

Strong, Bright Light

The high CRI LEDs within the Rayden lights output a bright, consistent light.

5600K Brightness

The 5600K color temperature is suitable for any lighting production!

Wide Beam Angle

The Rayden lights feature a 50° beam angle that provides a large amount of light on its own.

Combo Pin Adapter

The Baby $5/8$" and Junior $1-1/8$" combo pin adapter makes it easy to attach to any grip stand.

Unobstructed Movement

The 30° angled yoke provides the Rayden lights with unobstructed movement.

Steel Tension Knobs

The new steel tension knobs are designed to be more durable and secure. This makes it simple to lock the light in place at any angle.

Color & Brightness

A large, single button is all it takes to adjust the color and brightness of the light.

Digital Readout

The new LED readout is much brighter and provides precise adjustments of light output.

Battery Options

Gold and V-Mount battery plates offer you the flexibility you need to stay on-the-go!

Barn Doors & Intensifiers

Ikan's reliable barn doors with intensifiers allow you to easily shape the light to suit your needs.

Incandescent Equivalent

The Rayden LED light is equivalent to a 400 Watt incandescent soft light.

RF Remote

Controlling multiple lights at a distancce is possible with the RF remote control.

Included Accessories

The Rayden Bi-Color LED Light kit includes a stand bag, kit bag and two heavy-duty light stands.
